PROFESSIONAL SUMMARY

Full-Stack Software Engineer with 4+ years of experience delivering scalable enterprise and banking systems. Specialized in Laravel, Oracle PL/SQL, Oracle APEX, and modern JavaScript frameworks. Strong background in building secure RESTful APIs, optimizing database performance, and automating financial workflows for microfinance and enterprise environments. Proven ability to improve system efficiency and deliver production-grade solutions in Agile teams.

TECHNICAL SKILLS

Backend: PHP, Laravel, Node.js (Basic), Express.js (Basic), REST APIs, Microservices
Databases: Oracle, PL/SQL, MySQL, PostgreSQL, MongoDB (Basic), Query Optimization
Frontend: Angular, React, TypeScript, JavaScript (ES6+), HTML5, CSS3, Bootstrap
Enterprise Tools: Oracle APEX, BI Publisher, Interactive Grids
Tools & Practices: Git, Agile/Scrum, OOP, System Architecture

WORK EXPERIENCE

PHP/Laravel Developer – Source Microfinance Bank (Feb 2025 – Present)

- Built and scaled backend APIs for transaction processing and account management.
- Developed Angular-based interfaces integrated with Laravel backend services.
- Optimized MySQL databases for performance and high availability.
- Collaborated in Agile teams to deliver production banking features.

Oracle APEX Developer – Connectsen Sac Limited (Jun 2024 – Aug 2024)

- Designed PL/SQL components for high-volume data processing systems.
- Integrated Google Maps API into Oracle APEX applications.
- Improved query performance through advanced SQL tuning techniques.

Oracle APEX Developer – Novaji Introserve Limited (Feb 2023 – May 2024)

- Built automated financial reconciliation reporting system using PL/SQL.
- Developed enterprise reporting dashboards using BI Publisher.
- Improved reporting efficiency by 75% through automation.
- Enhanced sprint delivery efficiency by 20%.

Technical Field Service Lead – Tizeti Network Limited (Dec 2017 – Aug 2022)

- Led field engineering teams for broadband deployment and maintenance.
- Improved customer network stability and SLA performance.
- Resolved complex connectivity and infrastructure issues.

EDUCATION & CERTIFICATIONS

B.Sc. Physics – University of Lagos (2005 – 2009)

Full-Stack Software Engineering – Moat Academy (2022)

STCW Certification – Regional Maritime University (2013)
